Right online information and best offers! Incredibly easy and fast to use!

Imagine that you are in a foreign country and foreign city. You don't know the best shops, what to see and where to go. OK, there are different kind of books and booklets. And web services too.

But it is difficult to carry all those books. And they are expensive too. To say nothing of the information on them. Mostly the information is old and it can have changed after the publication of the book.

And what comes to the web services. Do you have web with big screen interface when you travel? Some does but most doesn't.

OMATravelguide™ is answer to this problem. It is always along with because it works on your mobile. And it is easy and fast to use. While you are on the move. With one hand. The information you get is always right and online. You will find the best places. You will know what is happening. You will know where to go and what to do. You will find the best shops, bars, restaurants etc. You will find the best offers. Fast and easy. With your mobile. By using your own language. And it is cheaper to use than calling.
